VEIL VL40

75/90/110 RPM	<40 dB	2 WIRED	40 KG
Rated Speed	Low Noise	Wired	Max Load Capacity

Product Type	Super Sleek	Rated Torque	1.0 Nm
Rated Speed	75/90/110 RPM	Rated Voltage	100-240 V AC
Noise	<40 dB	Communication	RF/WiFi
Wires	2 Wire	Application Compatibility	Directly on Hogar SE App
Motor Length	302.7 mm	Motor Width x Breadth	39.4 x 39.4 mm

VEIL VL50

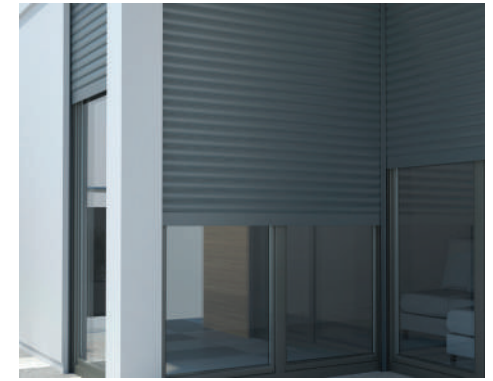

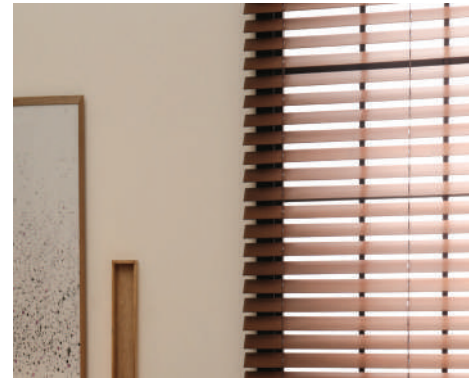

118 RPM	<40 dB	4 WIRED	50 KG
Rated Speed	Low Noise	Wired	Max Load Capacity

Product Type	Super Sleek	Rated Torque	1.2 Nm
Rated Speed	118 RPM	Rated Voltage	100-240 V AC
Noise	<40 dB	Communication	RF
Wires	4 Wire	Application Compatibility	Compatible with Hogar SE App & Hogar Pro App via Curtain module
Motor Length	334.5 mm	Motor Width x Breadth	39.4 x 39.4 mm

VEIL VL60

75/90/110 RPM	<38 dB	4 WIRED	60 KG
Rated Speed	Low Noise	Wired	Max Load Capacity

Product Type	Heavy duty	Rated Torque	1.5 Nm
Rated Speed	75/90/110 RPM	Rated Voltage	100-240 V AC
Noise	<38 dB	Communication	RF/WiFi
Wires	4 Wire	Application Compatibility	No Module Required for Hogar SE App & Works with Hogar Pro App via Curtain module
Motor Length	295.0 mm	Motor Width x Breadth	46.0 x 71.0 mm

Motor Width x Breadth
54.4 x 84.9 mm

WHY GO SMART WITH SOMETHING AS SIMPLE AS CURTAINS AND BLINDS ?

Smart curtains save you money. When it's hot outside, the curtains close automatically. That reduces the load on your AC. Which cuts down your electricity costs

Say you're out of town, the curtains can be programmed to automatically open and close, to create the illusion that someone's home

When you start watching your favorite TV series, your smart curtains can be synced to close automatically

Your smart curtains can be pre-set to open at sunrise and close at dusk

Open and close your curtains from anywhere in the world

What's more? Even your existing curtains can be transformed into smart curtains, in an instant
